

Amending the Downtown St. Louis Community Improvement District

COMMUNITY INVOLVEMENT

Collaborating on vital projects to improve the CID.

Contributed to match-funding for the Tucker Cycle Track project.

Adopted Design Downtown STL recommendation by reinstating Downtown Guides this Spring.

Provided funding for the ultra-bright streetlight initiative, enhancing security on Downtown streets.

CONNECT

We want to hear from you. Share your thoughts on the CID.

Contact our Executive Director, Kelli McCrary, with any questions or comments.

WHY SIGN THE PETITION?

Under self-management, we have made large-scale improvements to our operations.

Streamlined service areas

Reduced CID property assessment by 23%

Building a stronger community that can propel Downtown St. Louis for years to come

Increased funds by consolidating core services

Works with property owners & SLMPD to resolve security issues

SUPPORT FROM THE COMMUNITY

Join the numerous Downtown stakeholders that support our amendment.

"We want both our immediate area and the larger Downtown region to maintain the feeling of quality that we and other property owners have worked hard to build in recent years, and that's why I continue to enthusiastically support the CID."
- William DeWitt III, President, St. Louis Cardinals

"I see true innovation in the CID's work. We share a common goal of advancing Downtown St. Louis—continuing to grow the innovation and entrepreneurship community, and ensuring a vibrant and attractive community for residents and visitors. It's vital that the CID continues."
- Patricia Hagen, PhD, President, T-REX

"If the Downtown district does not get amended through signatures from property owners, there will be a severe lapse in beautification and safety services that cannot be instantly replaced by any group's efforts."
- Steve O'Loughlin, President & COO, Lodging Hospitality Management

"As a member of the CID board, I see the team's determination and strategic planning firsthand. We are fortunate to have an experienced team managing the CID."
- Ellen Theroff, Vice President, Spire
